**“Supply” “Provide”** shall mean supply and pay for and provide and pay for

## 4 INSTRUCTIONS TO PROPONENTS

### 4.1 Acknowledgement

The City acknowledges with gratitude and respect that the name Coquitlam was derived from the hə́hə́míhə́h (HUN-kuh-MEE-num) word kwíkʷə́ləm (kwee-KWET-lum) meaning “Red Fish Up the River”. The City is honoured to be located on the kwíkʷə́ləm traditional and ancestral lands, including those parts that were historically shared with the kícəy (kat-zee), and other Coast Salish Peoples.

### 4.2 Purpose

The purpose of this RFP is to invite Proposals from professional, qualified, experienced companies for the provision of **Cottonwood Park – Supply and Installation of Tennis Court Lighting System**.

### 4.3 Drawings and Site Inspection

- a) Proponents are responsible to inspect the existing site(s) and shall fully understand the difficulties and restrictions for execution of the work under this Contract. Interpretations by the Proponent of the meaning of any section of the Contract drawings and specifications herein prior to submitting a price for the Work shall not remove the responsibility of completing the Work as per the directions of the City, including all costs associated with that Work, should the Proponent's interpretation be incorrect.
- b) Prior to submitting a price for the Work, the Proponent must seek clarification from the City for any items within the drawings and specifications that may appear to be unclear or conflicting.
- c) Prior to submission, Proponents should visit, inspect, and familiarize themselves with the site(s) and of everything and of every condition potentially affecting the Works to be executed, so that the execution of the Contract by the successful Proponent is founded and based upon the Proponent's own examination, information, and judgment. Failure to visit the site(s) prior to the Proposal Closing Date will in no way relieve the successful Proponent from the necessity of furnishing any material or performing any Work that may be required to complete the Work in accordance with the conditions and specifications without additional cost to the City.
- d) It shall be the responsibility of the Proponent, by personal inspection of the Site(s) of the Works, examination of the Contract documents, calculations, tests, and by requesting any required clarifications from the City, to become satisfied with respect to the quantities, quality, and practicability of the Work. The Proponent must be aware that any information from the City was and is approximate and speculative only and cannot in any manner be warranted or guaranteed. If the Proponent fails to make a proper investigation and examination of the site(s) and the Work they shall signify by entering into the

Contract that they are willing to assume all risk of the Work proving more onerous than was contemplated and/or assumed when the Contract was signed.

- e) Figure dimensions of a drawing shall take precedence over measurements scaled from the drawing and large-scale drawings take precedence over those of a smaller scale. Supplementary drawings and specifications supersede their antecedents. Addenda drawings take precedent over all drawings. Addenda specifications take precedent over all specifications. In case of conflict between figured dimensions on a drawing and the dimensions of a specified product, the dimensions of the specified product will govern. The drawings and specifications complement each other and anything called for by one will be as binding as if called for by both.
- f) All information requested for the Proposal is to be completed by the Proponent on the supplied forms only and shall be based upon the whole of the specifications and Contract documents, without reservation. A Proposal that does not include all of the above sections, completed as specified herein, may be rejected.
- g) The selected Proposal shall supply all materials, equipment, installation, commissioning, and construction necessary for the successful starting and completion of the project in accordance with the drawings and specifications herein. It shall be the responsibility of the Proponent to include in the submitted Proposal amount sufficient amounts to cover the cost of the Work and materials required to complete the Work but not specifically noted in the drawings and/or specifications. It is assumed that all taxes, duties and levies have been included in the Proposal amount.
- h) Complete sub-contracting of Works will not be approved; however, segments of Work involving special skills may be sub-contracted.
- i) The Proponent must indicate the names of the Proponent's senior staff for the project, specifically identifying the project superintendent, and the names of the major sub-contractors and the Work they will be performing.
- j) The Proponent must carefully examine the Proposal Documents and worksite(s). The Proponent may not claim, after the submission of a Proposal, that there was any misunderstanding with respect to the requirements and conditions imposed by the City.
- k) There will be no opportunity to make any additional claim for compensation or invoice for additional charges that were not considered and included in the Proposal price submitted, unless the City, at its sole discretion, deems that it would be unreasonable to do so, or there are additional Work requirements due to unforeseen circumstances.
- l) All information in this RFP Document, Drawings, Specifications, Site Visit and Investigation, and any resulting Addenda will be incorporated into any Contract between the City and the successful Proponent, and therefore must be considered by the Proponent in preparing their Proposal.

#### 4.4 Prices

Prices shall be all-inclusive and stated in (Canadian Funds). Prices shall remain FIRM for the completion of the Services.

Prices shall include the provision of all tools, materials, equipment, labour, transportation, fuel, supervision, management, overhead, materials, traffic control, services, all necessary packing and crating (where applicable), Canadian Customs import and export duties, freight, handling, insurance, all other associated or related charges, foreign, federal, provincial and municipal taxes, bonding costs, all licences, permits, inspections and all other requirements necessary for the commencement, performance and completion of Services as described.

Any applicable tariffs and the associated costs at the time of RFP close are to be included in the contract price and broken out in the Proposal Submission Form.

Taxes are to be shown separately at time of invoicing.

The lowest price of any Proposal will not necessarily be accepted but will be analyzed to determine best overall value.

#### 4.5 Requested Departures

The Proponent acknowledges that the departures requested in the Proposal Submission Form will not form part of the Contract unless and until the City specifically consents in writing to any of them. The City may not consider any departures not stated in the Proponent's Proposal Submission.

#### 4.6 Evaluation Criteria

##### a) Instructions for Proposal Submission and Attachment Referencing

The City uses Microsoft Word to streamline the transfer of Proponent information into an evaluation document. Responses on the Proposal Submission Form should provide direct answers or concise summaries of any referenced attachments. Where attachments are necessary, each response should summarize the relevant information and clearly indicate where the City can find the corresponding details within the attachments, specifying precisely, for example, "see Section X, subsection Y, paragraph Z, on page N."

##### b) Submission Format and Content Authenticity

Lower scores may be assigned if Proposal Submission Forms:

##### I. Non-conforming

- Are not submitted in Microsoft Word format.
- Rely solely on references such as "see section X in the attached document" without providing summaries.

II. Authenticity

- The City preference is for Proposals to be original and directly aligned with the requirements outlined in this RFP. Proposals will be evaluated on specificity and relevance of content. Proposals containing generic, boilerplate, non-responsive content may receive a lower score.
- Proponents must demonstrate a clear understanding of the City’s needs by providing detailed, tailored responses, including methodologies. Proposals lacking sufficient detail and originality may result in a lower evaluation score.

c) Evaluation Criteria and Points Allocation

Each proposal will be evaluated based on the following criteria:

Proposal Evaluation Summary	Maximum Points to be Awarded
<a href="#">Corporate</a>	30
<a href="#">Sustainable Benefits and Social Responsibility</a>	10
<a href="#">Technical</a>	25
<a href="#">Financial</a>	35
<b>Total</b>	<b>100</b>

d) The criteria for evaluation of the Proposals may include, but is not limited to:

**I. Corporate Experience, Capacity and Resources**

- Business and technical reputation and capabilities; experience, financial stability, capacity and resources
- Value added benefits
- References
- Sub-contractors
- Key Personnel on project team, qualifications and experience
- Health and Safety

**II. Sustainable Benefits and Social Responsibility**

- Sustainable benefits
- Reconciliation
- Social Responsibility

**III. Technical**

- Methodology, set-up and execution of the Work
- Quality Assurance and Safety
- Risk factors
- Test and Acceptance Plan
- Ability to comply with the stated specifications and requirements

- Schedule and Completion Date

**IV. Financial**

- Price

e) Proposal Comparison

These criteria will be used to determine best overall value to the City. Proposals will be compared to select one or more that are most advantageous.

f) Reference Checks and Interviews

Upon selection of one or more lead Proponent(s):

- References may be contacted
- Interviews may be conducted
  - As part of the evaluation of Corporate Experience

The City reserves the right to check references on other projects even if they are not specifically listed. Information obtained from references will be confidential and will not be disclosed to any Proponents.

g) Additional Evaluation Considerations

These criteria will be used to determine best overall value to the City as well as any other criteria that may become evident during the evaluation process.

The City may, at its discretion, request clarification or additional information from a Proponent with respect to any Proposal and the City may make such requests to only selected Proponents. The City may consider such clarifications or additional information in evaluating a Proposal.

h) Proposal Compliance and Rejection

Incomplete Proposals or Proposals submitted on forms other than the Proposal Submission Form may be rejected.

The City reserves the right to reject without further consideration any Proposal which in its opinion does not meet the criteria it considers essential for the Work outlined in this RFP.

Where only one Proposal is received, the City may reject such and re-issue the RFP on a selected basis.

i) Disclosure of Information

Proponents agree the City may disclose names of Proponents and total award amount, however, unevaluated results, unit prices, rates or scores will not be provided to any Proponents.

#### 4.7 Project Timelines

The successful Proponent will commence work approximately June 2026, with target completion of installation of the pre-cast concrete bases by **June 19, 2026** and with target for substantial performance on or before **August 14, 2026**.

Final acceptance is to be completed by **September 11, 2026**

#### 4.8 Bidders List

The City does not retain a list of interested contractors (“Bidders List”). Interested contractors are encouraged to register as plan takers and may view the RFP Documents and Drawings by contacting the Vancouver Regional Construction Association (“VRCA”), website : [www.vrca.ca](http://www.vrca.ca) , ph: 604- 294-3766 or email: [info@vrca.ca](mailto:info@vrca.ca) quoting the Coquitlam RFP Reference Number.

### 5 **PROJECT SPECIFIC TERMS AND CONDITIONS**

#### 5.1 Permits and Regulations

The Contractor is to obtain permits, pay all fees therefore and comply with all Provincial, Municipal and other legal regulations and by-laws applicable to the Work. If no local regulations, comply with the National Building Codes of Canada, latest revision. Workers Compensation Act and Workplace Hazardous Material Information System (“W.H.M.I.S.”) requirements and regulations are to be strictly adhered to.

### 6 **SCOPE OF SERVICES**

The Work includes, but is not limited to, supply, delivery, installation, provision of all labour, supervision, equipment, tools, materials, transportation, and incidentals necessary for **Cottonwood Park – Supply and Installation of Tennis Court Lighting System** as stated in this RFP and attachments.

#### 6.1 Scope of Work

##### a) Pre-Construction

The Contractor shall be responsible for all pre-construction activities necessary to safely and efficiently establish the site, including but not limited to:

- BC One Call Ticket

- Minor adjustment of primary site access road (prepared and maintained by others) as required to facilitate the installation of the lighting system Work
- Survey and layout as required for the lighting system Work
- Site preparation, set up and safety related to lighting system Work
- Traffic and pedestrian management as required for lighting installation

b) Construction

The Electrical Contractor shall perform all Work required to deliver the Work in full, including but not limited to:

- Supply and installation of a complete outdoor tennis court lighting system inclusive of related infrastructure and equipment, as described in the Contract Drawings and Specifications
- Coordination with City personnel and other trades and contractors:
  - While other contractors are responsible for establishing site access and ESC measures, the Electrical Contractor shall comply with any related requirements and be cooperative with general site conduct expectations
  - Sequencing of Work activities: pre-cast concrete bases for the light poles must be installed prior to the retaining walls and asphalt for the playing surfaces (**deadline: June 19, 2026**). Light poles and related equipment may be installed as a second mobilization if necessary

c) Lighting Performance Requirements

- The lighting system shall meet the IES RP-6-24 Class IV illumination and uniformity standards for outdoor tennis applications
- All lighting equipment to be new and professionally installed
- Lighting system to be fully tested and operational at time of completion

## 6.2 Site Control and Organization

The Contractor shall at all times be responsible for maintaining safety zones around the worksite with safety barricades and signage to protect workers, City Staff and Public.

The Contractor shall at all times keep the site secure, safe, clean and orderly as the Work allows, with the removal of trash and debris daily. The Contractor shall comply with the site safety program of the civil/landscape contractor, designated as the Prime Contractor of the worksite for all site safety purposes.

## 6.3 Regulatory and Compliance Requirements

The Contractor shall perform all services in accordance with the latest editions of applicable codes, standards, and regulations, including all provincial amendments and local by-laws. Where multiple requirements apply, the most stringent shall govern.

#### 6.4 Approval

In all cases where approval or direction is required, it shall be provided by the City's Project Manager.

#### 6.5 On-Site Hazards

The Contractor is to make themselves aware of any and all on-site hazards including but not limited to underground and overhead utilities in or near to the work area and to take every precaution necessary to eliminate any risk that may exist. If an on-site hazard exists that is causing or may cause injury to any person(s), the Respondent is to take immediate action to mitigate risk and damage, and then to notify the City's contact person.

The locations of all such hazards are to be investigated and verified in the field by the Contractor.

#### 6.6 Rectify Damages

The Contractor shall make good any damage or spillage to adjacent buildings, areas, grounds, or vehicles at no cost to the City and leave the site in the same state as it was prior to commencement of the Work and to the satisfaction of the City. All Work shall be carried out so as to ensure the minimum interference with normal use of public spaces and facilities. The Contractor shall be responsible to pay the full cost of any repairs for all damage to existing structures, etc. if caused by the Contractor during the contract period.

Damage to landscape and infrastructure shall be reported promptly.

#### 6.7 Site Meetings

The Contractor shall coordinate and attend regular site meetings including safety meetings at such intervals as may be deemed necessary by the City for the purpose of coordinating and expediting the progress of the Work.

The Contractor agrees to attend in person or send his authorized representatives to any such meetings which may be called for by the City.

#### 6.8 Environmental Protection

The Contractor shall be responsible to take all necessary measures to comply with requirements of the Federal and Provincial Environmental Protection Agencies and Municipal Acts and Bylaws in respect to air, earth and water pollution.

#### 6.9 Extra Work

The Contractor must receive written approval from the City prior to commencing any additional works which will affect the project cost or schedule. A Change Order form must be submitted in the event the Contractor fees exceed the original proposed purchase order amount. In this situation the Contractor will be requested to submit scope of Work change alternatives to meet the budget.

A separate schedule of values is required as supporting documentation to the invoice for all additional services.

Any invoice encompassing extra work or additional work not previously approved in writing will not be accepted by the City.

#### 6.10 Protection of Public

The Contractor shall take adequate measures to protect the public, City staff, and all others on site from injury, damage, or other loss resulting from maintenance operations and related activities.

The Contractor shall promptly report to the City any safety incidents as they occur.

#### 6.11 Traffic Control

The Contractor is responsible to provide qualified and trained Traffic Control Personnel for traffic management and flagging services, either in house or with a sub-contractor. The Contractor shall take full responsibility to ensure that traffic control is carried out in accordance with the most recent copy of the Ministry of Transportation and Highways Traffic Control Manual for Works on Roadways and Part 18 of the Occupational Health and Safety Regulations for Services performed on City roads.

#### 6.12 Dust Control

The Contractor to implement effective dust control measures to prevent airborne dust and debris from impacting buildings nearby. Measures to include but not limited to:

- a) Containment and barriers: install temporary dust barriers (poly sheet or other air enclosures), seal HVAC vents, and isolate Work areas
- b) Air filtration & ventilation: use HEPA air scrubbers or negative air machines as needed
- c) Work methods & equipment: utilize dustless tools and or vacuum systems for high-dust activities

#### 6.13 Specifications

Where a specification does not exist, the default specification shall adhere to MMCD specifications (excluding measurement and payment descriptions). The City has a supplementary specification to MMCD. These supplementary specifications shall take precedence over the basic MMCD specifications. Project specifications included in this RFP package shall take precedence over the City's supplementary specifications. A link to the City supplementary specifications are located: [Supplementary Specifications and Detailed Drawings to MMCD](#).

#### 6.14 Public Relations

Good public relations must be maintained at all times by the Contractor, the Contractor's employees, and representatives. All enquiries and complaints must be satisfactorily resolved in a courteous and businesslike manner and be acted upon within a 24-hour period.

6.15 Hours of Work

The Contractor shall carry out the Work in accordance with the hours permitted under the City's Noise Bylaw, as amended from time to time. Any Work proposed outside of the permitted construction hours shall require prior written approval from the City and the Contractor shall be responsible for obtaining all required permits and approvals.

6.16 Clean Up

At the end of each day and at the conclusion of work, the Contractor shall promptly remove any of his/her equipment or materials and leave the site(s) in a clean and cleared condition.
